Prasanna Temple Mysore

In this Rukhars, the Palace Controller solicits orders on the following 3 points:—

I. Akurita Sila Rajawaya temple at the Western gate of the Mysore Fort. The Veena Bhadravarmay temple near Channarayana and 6 other institutions..

The allowances for these minor institutions should be provided out of the ^{Fort} total grants for Krishna and Channarayana temples. It is inconvenient to meet these charges from Casual Savings of the last named temples. The Comptroller with report from the Pastors of these temples, can be best revised so as to include therein the charges in question.

These institutions are not regular Muzrai institutions but each has been receiving some small Tasdik all amounting to Rs 61-6-7 a month. This amount has, as noted in the printed Book (here with put up) relating to Palace affairs, to be paid from the funds of the Sri Prasanna Krishna Swamy and the Channarayana temples. But as a matter of fact, it was hitherto being paid from the savings and not the Tasdik proper of these two institutions. The Palace Controller now reports that there are no savings available at the credit of these temples and solicits orders as to how the said amount

a month of Rs 61-6-7 a month should hereafter be met.

2. There are two classes of servants in the Sri Prasanna Krishnaaswamy temple — Brahmins and Sudras. These are allowed certain rice allowances in addition to their pay. The price of rice having, of late, increased, the Brahmin servants are not given the full quantity of rice prescribed for them in the Tasdik Patti, but only so much as could be procured for the money-value specified therefor in the Tasdik Patti. But with regard to the Sudra servants, the Palace Controller has been giving them the same quantity of rice as is stated in the Tasdik Patti irrespective of the amount allotted to them and

3. As observed before, this
 is not a regular Muxrai

 funds at its credit. The
 temple is reported to be

Recd:- Rubkari n^o 691
of 26th Decr '98, from
the Palace Controller
Mysore, regarding the
cash allowances payable
to the Sri Anvita Shila
Aijaneyswami Temple
& seven other minor Mathas
as per printed book relating
to Palace affairs and the
rice allowances payable to
the Sudra servants of the,
Sri Prasanna Krishna Swami
Temple at Mysore

Order thereon.

no. 845.
muz 7 17-97
of 17th January 1899.

The Anvita Shila
Aijaneyswami Temple and the
seven other temples mentioned
in the above are no

regular Muzrai Mafus
but each of them has
been receiving some small
Tasdik amounting in all
Rs 61-6-7 a month.
The Palace Controller reports
that as noted in the
printed book referred to
in the above, these charges
were till now being paid
from the savings of the
Sri Prasanna Kusumawari
temple at Mysore and as
there are now ^{no} savings avail-
-able at the credit of
this Inst. he solicits orders
as to how the said amount
of Rs 61-6-7 should hereafter
be met. But, on referring
to the said printed book
it is observed that the

Name of *Shastri*...
 Amount
 per month. Source from
 which the amount is
 to be paid.
 Remarks.

Names of some of the
Shastri mentioned ~~in the~~
 therein Palace Controller,
 the amounts respectively
 payable to them and the
 sources from which they
 should be paid do not
 agree with those noted
 in the *Shukani* read above.
 The Palace Controller is
 therefore requested to
 submit as early as -
 practicable a correct,
 list of all these minor
Shastri as per form noted
 in the margin. Further,
 whereas in the printed
 book it is noted that some
 of these allowances should
 be paid from the funds
 of the *Shri Parasanna Krishna*...

temple and the others
from those of the
Sri Channundeswari Temple,
the Palace Controller states
that all these allowances
are paid exclusively from
the funds of the Sri Prasanna
Kishnaswami temple.

This requires explanation.

Lastly, these all ~~as~~ should have been
~~be~~ provided only out of
the total Govt. Nadik
for the Sri Prasanna Kishnaswami
or the Sri Channundeswari temples
as the case may be. ~~It is~~

~~inconvenient~~ to meet these such
charges from the casual savings

~~as the funds are from the~~

~~Nadik~~ ~~proper~~ of these funds is ~~both~~ ~~improper~~ ~~inconvenient~~

The Palace Controller will
~~therefore~~ ^{now} report how the Nadiks

of these two temples can
best be revised so as
to

to include there in
the charges ~~in question~~.
payable to these minor institutions.

2. As regards the
rice allowances to the
Sudra servants of the Sri
Rasanna Krishna Swami
temple these ~~servants~~ ^{servants} are being
given ~~to~~ according to the
scale specified in the old
Madik Pathi, but the
price of rice having of late
increased this arrangement
has resulted in an excess
expenditure of ^{about} Rs 50 a month
over the amount allotted
for the purpose, the extra
cost hitherto being ^{hitherto} un-
authorized & met from
the temple savings. This
is most irregular. The

Rule in the Muz: Dept.
as applied to all the
Muz in the State is to
restrict such rice all^{ce}

to the money assigned therefor
in the Rasdik Pathi.

Any deviation from this
established general rule
is inexpedient; and the
present practice of distributing
rice to the ~~the~~ servants ac-
cording to the old scale
irrespective of its cost
must therefore be at once
discontinued. These servants
should, in future, be given
only so much rice as could
be ~~procured~~^{got} for the money
grant sanctioned therefor
which should, under no

circumstances, be
hereafter exceeded.
